SCHEDULE OF APPROVAL

Design, Drawings and/or Specifications

Drawing #	Issue	Date	Description
-	-	Stamped by Transport Canada May 5, 2009	Buoyant smoke signal, orange 4'

Instructions and Markings

Each buoyant smoke signal shall be marked with:

- (a) Manufacturer's name, logo or trademark;
- (b) Lot number;
- (c) Month and year of manufacture;
- (d) Operating instruction / diagram;
- (e) Transport Canada Approval Number as follows: T.C.314.034.001

All required marking shall be specified in English and French.

Conditions

1. The buoyant smoke signal is to be constructed in accordance with manufacturer's drawing listed above and no departure from this drawing shall be made without prior notification to Transport Canada Marine Safety.
 - Production tests are to be conducted in accordance with IMO Resolution MSC.81(70)
2. This certificate may be suspended or cancelled if the manufacturer deviates from any of the conditions described herein.
3. The manufacturer is responsible that every buoyant smoke signal built to this Certificate of Approval corresponds to the approved prototype.
4. This approval is given on the understanding that Transport Canada, Marine Safety reserves the right to require check tests to be carried out at any time and that the manufacturer of the equipment mentioned on this certificate will accept responsibility for informing shipowners of proper methods of use, maintenance and the conditions of this approval.

End of Certificate
